State of TN Fire Sprinkler License #: _____

Address: _____ City: _____ State: _____

Zip code: _____

Description of Work:

All single-family residential fire sprinklers shall be serviced by at minimum of 1 inch meter and service line to the riser. Any sprinkler lines that are in exterior wall, attic, or unheated locations must be tented and insulated on the unheated side to capture heat from the house to protect pipes form freezing before rough-in inspection or protected as mandated by the Fire Marshal. All tents shall be installed to resist the entrance of loose fill insulation in to tent cavity. All single-family detached homes shall be sprinklered to the 2018 IRC requirements.

Signature of Applicant: _____ Date: _____
